

# Softball Workouts Begin; Field to Be Overhauled

## Dr. Jacobs' Personal Purchase Expands Campus Grounds

### Facelifting Job Starts This Week

The Bryant College athletic field will be put into good playing condition, Mr. E. G. Jacobs announced, and will be ready for the opening day of the season.

Contractors have been engaged already and will begin work this week. The job of preparing the field is too great to finish completely this semester. For the present, the infield will be scraped and graded and the stones will be removed from the outfield.

Beginning in August, the field will be closed for a six-months period, at which time a complete overhauling of the grounds will take place. The whole field will be scraped and new grass will be planted. Plans are being made to hire a watchman to protect the field.

The entire job of renovating the field will be finished before the beginning of next semester's season.

### ACP Rates Archway 'First-Class' Among College Newspapers

The Associated Collegiate Press, University of Minneapolis, critical service for college newspapers throughout the country recently rated the Bryant ARCHWAY "First-Class."

The ARCHWAY was given an excellent rating for coverage of news, human interest, and attractive mechanical layout. ACP highly complimented the sports department for its fine job of interpretation and presentation; and also for complete coverage of sports events.

The ARCHWAY is especially proud of this rating since only seven awards of this type were made.

The citation, which is now being printed and lettered, will be here in a few weeks.

### I.R.C. Visits Harvard; Second Week-End Away

Seventeen members of the International Relations Club of Bryant College spent last week-end at Harvard University.

The group left here Friday afternoon and arrived at Harvard in the early part of the evening. Following registration they attended a lecture which consisted of three speakers. The main topics for discussion were "The Reserve Powers of the U. N."; "Functional Aspects of the United Nations"; and "American Conservation."

Saturday morning the students attended the keynote address by John V. P. Lassoe, Jr., Executive Director CCUN; Hugh J. Schwartzberg, Nation-

### New Vocal Group Makes Campus Debut On Stunt Night

By Vyra Imondi

It seems that some music-minded Bryantites decided there wasn't much doing here in the way of musical activities so they sought to remedy the situation. Professor Handy—ready, willing, and enthusiastic about the idea, posted a notice on the bulletin board and now Bryant has a vocal group.

The members to date are Eddie Betros, Norman Roson, Jackie Tillotson, Don Dingee, Cindy Chilli, Dick Collemer, Janet Zeller, and Joe Gomes. Vyra Imondi is accompanist for the group.

The newly formed vocal group will make its campus debut on Stunt Night, April 22, when it will present a 15-minute musical bit.

Only one thing is missing—an appropriate name. The group is looking for one that is original and unusual and welcomes suggestions from students. Suggestions for a name may be put in the ARCHWAY suggestion box before Stunt Night. (They'd like to announce the name at that time.)

Though nameless as yet, the student body looks forward to their first performance.

—Photo by Chapman

**SONGSTERS:** Caught in an afternoon rehearsal are these members of the new vocal group. The college larks are directed by Professor Handy and accompanied by Vyra Imondi. Standing in front (l. to r.): Sue Tillotson and Cindy Chilli. Back row (l. to r.): Don Dingee, Norman Roson, Dick Collemer, and Ed. Betros.

At 4:30 the students heard Mr. V. K. Krishna Menon, delegate to India to the United Nations, talk on "The U. N. Today." Mr. Menon's talk was unique in that he began the discussion by having the audience ask questions and he would answer them. He did not use a prepared speech of any kind.

In the evening a dance was held in the Phillips Brooks House. Sunday afternoon consisted of a talk by Dr. Harim Azkoul, President of the Delegation of Lebanon to the U. N., on "The Tendency of the Asian-African Peoples Toward Neutrality." This was followed by a Mock Plenary Session of the General Assembly. The conference was adjourned late Sunday afternoon.

The students who went on the trip were Bob Greene, Joe Ruggieri, Norman Sarkisian, Maurice Desulme, Bob Karlsson, Chester Norek, Roger Cowles, Meg Wallace, Billie Billings, Carole Healy, Betty English, Pat Hanley, Diane Clark,

Bessie Carambellas, Corita Ulfves, Sula Sragoricz, and Janet Zeller. Professor and Mrs. Walter Harris also accompanied the group.

### TT's Combine Business, Fun At N. Y. Spring Conference

The Twenty-eighth Annual Spring Conference of the Eastern States Association of Professional Schools for Teachers was held at the New Yorker Hotel on March 26, 27, and 28. When Bryant's three representatives—Diana Gallant, Muriel Bolas, and Marie Bonin arrived in New York on March 26, they were given barely enough time to register and unpack before joining the tour of the United Nations that had been planned for them. The three girls were impressed by the beautiful architecture of the buildings. That evening they were feted by New York University at a buffet supper followed by a variety show produced in their honor by the student body of the University. A visit to Radio City completed Thursday's activities.

### President's Plot Given For Student Use

Doctor Henry L. Jacobs, President of Bryant College, last Wednesday made a personal purchase of 22,000 square feet of land at the corner of Young Orchard Avenue and Cooke Street. This plot now completes this part of the Bryant campus for one

### BIB Busy Planning May Queen Dance

It's spring—when a young man's fancy turns toward love; but the brothers of Beta Iota Beta haven't time to give this a thought. They're too busy formulating plans for the May Queen Dance on May 2, which has been an annual affair for BIB since 1948.

The dance committee is headed by Dick Hayes and Charles Donnelly. Others on the committee are Vic Baisle, Don Lepine, Phil Sourwine, and Red Magner. Music for the dance will be supplied by the Louis DeMarco Quintet. Lou, who is a second-semester student in the Secretarial IV division, has been playing the tenor saxophone since 1945 and organized his quintet about five years ago.

The committee is also considering several other plans that will contribute toward making this year's May Queen Dance the best ever.

square block bounded by Hope Street, Young Orchard Avenue, Cooke and Benevolent Streets, with the exception of two dwellings.

The land was purchased from J. Carleton Bagnall of Barrington, Rhode Island.

Although no building is planned for the land, Doctor Jacobs plans to tender it to the college for campus purposes only. The grounds will be prepared shortly and students will have the privilege of using this extension to the campus.

### Phi U Prexy Gets Rosewood Gavel at Birthday Party

Phi Upsilon, youngest sorority on the campus, held a party to celebrate its second birthday at the Cranston Club on March 27. Dancing and refreshments were the order of the evening. Ernie Johnson, president of Chi Gamma Iota, presented Joyce Andrews, Phi Upsilon prexy, with a rosewood gavel in honor of the occasion.

Mr. Harris nearly stopped the party when he requested "something peppy" in music instead of that "slow stuff." The floor was immediately cleared—leaving Mr. Harris and Mrs. Messer dancing to "Jambalaya."

After a buffet lunch, everyone sang "Happy Birthday" to Phi Upsilon. Then the huge, green-and-gray-decorated cake bearing the sororities' greek letters was cut by President Andrews.

"I Confess," with Patti Page appearing in the stage show.

Saturday morning found the representatives attending a panel discussion conducted by leaders in the field of commercial education. A musical program followed, presented by a choir from the New Jersey State Teachers College. The group boarded a train back to Providence at 1:00 p.m.

### Country Pastor Will Give 'Love and Marriage' Talk

Father Henry J. McCormick from Millers Falls, Massachusetts, will address members of the Newman Club and their friends tomorrow afternoon at 3 in the auditorium.

Father "Mac"

Father "Mac," as he is known to his parishoners, has been pastor of St. John's parish in Millers Falls since 1945. He is well known throughout western Massachusetts as a humorous speaker and a man who does not "pull punches." Besides being active in religious groups, he devotes much time to civic activities and is often called upon to represent his town in controversial issues.

"Father Mac's" topic will be "Love and Marriage." This is a subject which should bring much student interest and also one which Father "Mac" enjoys speaking about.

President Coleman anticipates attendance of 150 at this meeting. He says "It isn't often that we are able to bring such a good speaker so great a distance. We hope that the attendance will make his visit worthwhile."

—Photo by Chapman

**MIXED EMOTIONS** are seen on the faces of these Bryantites as they view last week's movie, "Francis Goes to the Races." The crowds have been good at the movies since the purchase of a new screen and sound equipment. There are some seats left for the few who don't realize that it's a weekly affair.

### GL Announces Six Gals for 'Queen' Contest May 2

The Greek Letter Council, at its last meeting announced the candidates for the May Queen contest to be held on May 2.

The candidates and their sponsoring organizations are Marsha McManus, Alpha Theta Chi; Margaret Wallace, Phi Sigma Nu; Marilyn Deschene, Chi Gamma Iota; Joan Jackson, Beta Sigma Chi; Pauline Forsell, Kappa Tau; and Marlene Cardin, Tau Epsilon.

Rules and regulations governing the voting for the contest will be released later.

## Editorial

### Success Formula

The ARCHWAY extends its gratitude to Doctor Henry L. Jacobs for his contribution of the following article. The occasion for this is a query from the youth of America to Charles F. Kettering, Vice President of Research for General Motors.

Young America asks Mr. Kettering "What makes men successful?" His reply follows:

"Success means many things to many people. But to me young America will never go wrong if it follows these three principles:

"First, develop the desire and ability to create . . . to do something original . . . something no one has ever done or been able to do before. Second, acquire the quality of persistence, the urge to keep going until a job is finished . . . regardless of surroundings, poverty or health. Third, be dissatisfied. This seems to be the standard equipment of successful men. Regardless of how outstanding their work appears to the world, they themselves are never satisfied and are sure if they had it to do over, they could have done a better job.

"Looking forward, it often seems as if all of the worthwhile things have been done. But if we re-examine the world around us with a fresh outlook . . . raise our sights above our man-made limitations . . . I am sure we shall be surprised to learn how little we really know. Successful men are never fooled by the limitations of the past; they know that new opportunities always lie ahead."

### Bronze Job??

## Prof. Sharpe Favors Tribute to Economic Man

If Professor Dallas Lore Sharpe had his way, there would be a bronze statue of the Economic Man erected on the campus to symbolize the "Spirit of Bryant."

While speaking to his class in Investments, Professor Sharpe was discussing the aims and purposes of the Economic Man when one of his brilliant students spoke up in favor of the well-known spend-thrift, and couldn't see living in the economic manner. Professor Sharpe immediately came to the aid of the Economic Man and defended him against everyone who considers the penny-saver a miser and an unpopular person. He assured the class that the Economic Man is a rare and intelligent human being who is a blessing to society.

Pointing out the different methods an Economic Man saves his time and money brought several laughs from the class, but Professor Sharpe cautioned the students that it was

no laughing matter. "The Economic Man is truly a rare person," he said, "and should not be held in contempt or derision. He should be given his rightful place in the eyes of the public." Professor Sharpe pictures the Economic Man as one who is all business 24 hours a day, every day of the year.

In characterizing the "Spirit of Bryant," Professor Sharpe would have the Economic Man "cast in heroic bronze and standing with the immortal shaft." It would be erected as a memorial to the many men and women graduates. The man would carry an adding machine under his left arm and a copy of *Consumer Reports* in his coat pocket.

Such a statue would be placed in a conspicuous place on the campus. Who knows, perhaps in a few years there would be room for the Economic Woman to join him?

## Important:

There will be a very important meeting for all members of the "Archway" staff tomorrow afternoon at 3 in Room 1G. It is imperative that all staffers attend this meeting. Those unable to attend are urged to contact Tom Dunklee or Gretchen Kelly.

## 'Stunt Night' Slated for Wednesday

"Stunt Night" annually held here, has been postponed until April 22. The affair was originally slated for today.

This year there are 12 organizations competing for the cash prizes and the honor associated with winning this contest.

Fraternalities and sororities who will stage their shows individually are allowed 10 minutes according to G. L. rules. Fraternities who will combine with their sister sororities will have 20 minutes to present their show.

For nearly three weeks, many

Girls at college are of two strata: Those with dates and those with data.

groups have been rehearsing for this affair, so the shows should reveal much preparation.

The shows will be judged by members of the faculty and administration, who will be guided by a set of standards, later to be announced. Cash prizes are: First prize, 50 dollars; second prize, 25

dollars, and third prize 10 dollars.

"Stunt Night" will be held next Wednesday, April 22, in the Auditorium. It will last from 7:30 to 10:30 p.m.

Hard knocks won't hurt you—unless you're doing the knocking.

If you can make the grade, the U. S. Air Force will award you a commission, your wings and pay you over \$5,000 a year!

CAN YOU "take it" 6 days a week? For 52 weeks? Can you meet the high standards required to be an Aviation Cadet? If you can—then here's a man-size opportunity! An opportunity to serve your country and build a personal career that will fit you for responsible positions both in military and commercial aviation.

It won't be easy! Training discipline for Aviation Cadets is rigid. You'll work hard, study hard, play hard—especially for the first few weeks. But when it's over, you'll be a pro—with a career ahead of you that will take you as far as you want to go. You graduate as a 2nd Lieutenant in the Air Force, with pay of \$5,300.00 a year. And this is only the beginning—

your opportunities for advancement are unlimited.

### ARE YOU ELIGIBLE?

To qualify as an Aviation Cadet, you must have completed at least two years of college. This is a *minimum* requirement—it's best if you stay in school and graduate. In addition, you must be between 19 and 26½ years, unmarried, and in good physical condition.

### YOU CAN CHOOSE BETWEEN PILOT OR AIRCRAFT OBSERVER

If you choose to be an Aircraft Observer, your training will be in Navigation, Bombardment, Radar Operation or Aircraft Performance Engineering.

## New Aviation Cadet Training Classes Begin Every Few Weeks!

### HERE'S WHAT TO DO:

1. Take a transcript of your college credits and a copy of your birth certificate to your nearest Air Force Base or Recruiting Station. Fill out the application they give you.
2. If application is accepted, the Air Force will arrange for you to take a physical examination.

3. Next, you will be given a written and manual aptitude test.

4. If you pass your physical and other tests, you will be scheduled for an Aviation Cadet Training Class. The Selective Service Act allows you a four-month deferment while waiting class assignment.

Where to get more details: Visit your nearest Air Force Base or Air Force Recruiting Officer. OR WRITE TO: AVIATION CADET HEADQUARTERS, U. S. AIR FORCE, WASHINGTON 25, D. C.

# Phi Sig Keglers 2-time Winners of Bowling Crown

## KOZY'S KORNER

By Joe "Cozy" Dolan

The Rifle Club has started with a click and a bang. Within two weeks time the prospective membership for this organization has amounted to a dozen or more students and is well on its way to increasing even more. Although the possibilities of discovering another Kit Carson or Annie Oakley as the result of the formation of this club aren't probable, we can be certain that several "dead-eyes" will make themselves known.

We were really quite surprised to see so many co-eds show interest in wanting to participate in this competitive target shooting. We have no doubt, however, that these lassies' keen eyes and steady hands could be just the formula needed for hitting the old "bull's eye." A large per cent of the male candidates are well groomed in the art of handling guns. A number of them are war veterans who have seen frontline duty, with the remainder being skilled game hunters or backyard "tin can" sharpshooters. All in all, the competitive spirit of the group will be a big factor contributing to making this club a success.

The tennis courts have been buzzing like a bee hive the last two weeks. Everyone seems to have their sights set on the intramural matches which are in the process of being formulated by the Varsity Club. With over 50 candidates signed up for this league, the tennis rackets will be swinging hard and fast for the men and women's victories.

The interest shown at the recent Tau Epsilon and Phi Sigma Nu bowling championship is the type of spirit that is typical of a well-rounded college sports contest. There was continuous hooting and howling from the beginning of the first string until the final duck pin was bowled over. The rooters were not only members of these two fraternities and their sister sororities but consisted of many members of other campus organizations. With continued active support like that shown at the close of the intramural bowling league, the Bryant athletic program will continue to progress for the betterment of the entire student body.

## Racqueteers

### First Match Today in Intramural Tennis Season

The Bryant Intramural Tennis Tournament which will include men's singles, men's doubles, women's singles, women's doubles and possibly mixed doubles will get under way today. Fair participation is reported and an active year of tennis is seen. Such leading Bryant racquet swingers as Bernie Goldstein, Roger Cowles, Bob George, Red Wagner, Phil Bourgeois, and Ray Gladu are expected to liven up the tournament.

In the women's division such charming co-eds as Pat Hanley, Mary Jane Devine, Helen Hollar, and Peg Marrett will not only add glamour to the tournament but also show some fine tennis court form. Trophies are being furnished by the college for the winners of the various divisions of the tournament. Matches for the day will be posted in the cafeteria and those participating are asked to appear on time for their scheduled matches.

## KT Tigers Sport New Diamond Togs

The Kappa Tau softball team will be sporting new uniforms on the diamond this season. The "Tigers" have bought blue and yellow jerseys with a tiger's head as an emblem and the initials KT across the chest. Also new are their navy blue baseball caps with the fraternity shield on the front of each.

The "Tigers" team is already kicking up diamond dust under the leadership of Don "Hooker" Stotz. Stotz has been putting his candidates through a pre-season workout to ready them for the intramural competition.

ALLEY OOP: Fred Kenney, Phi Sig president, shows good form as he leads his team mates to the intramural bowling crown before a crowd of more than 100 students.

## Bang!!! Rifle Club Clicks Quick; Gals Urged to Compete

The appeal made in the last issue of the ARCHWAY to organize a small bore rifle club proved successful. Joe Ruggieri, club organizer, reports that 12 students have shown interest to date.

Already, a rifle range has been secured for practice sessions and the team will be ready to start shooting in a few weeks. The club is now awaiting a reply from the National Rifle Association. If Bryant's group is accepted, they may become eligible to enter inter-collegiate competitive matches.

Although the rifle club will not compete in college matches until next semester, they will spend this semester getting "warmed up" in matches throughout the state.

Before arranging for any matches, Ruggieri wants a few more students to pledge support. In a special appeal to the co-eds, he says, "Shooting is the only sport in which women can compete with men with no handicaps whatsoever. A woman

can shoot small bore weapons as accurately as a man."

## Notice:

Fraternities interested in the Spring track meet are again urged to bring up the matter at meetings of their respective organizations.

Paul Hanaway who volunteered through the Greek Letter Council to inaugurate this sports event, has announced that he has already obtained the co-operation of five fraternities and is in the process of contacting the remaining organizations.

The Athletic Directors of all other Bryant organizations interested in participating in this event should contact Paul as soon as possible.

## Tau Ep Bowled Over In Red Hot Contest

The smooth bowling machine of Phi Sig captured the championship in the 6th game of a "best in seven" game play off. Phi Sig's win was much like that of the U. S. President who won the popular vote but lost the electoral, because, although they won more games, Tau Epsilon had a greater total pin fall. Phi Sig's quintet took the first three games and it looked as if they might shut out Tau Ep, but T. E. came back in the 4th and 5th to force the contest right down to the wire. Here are the highlights of each game.

### FIRST GAME

With the last men of each team to bowl, Phi Sig was 33 pins in front of Tau Ep. The two anchor men were Dobbins and Betts. Betts was 16 pins up on Dobbins and he needed to outbowl Dobbins by 18 pins to give the game to Tau Ep. Betts almost did the impossible by picking up 14 pins over Dobbins to make Phi Sig sneak the win through on a 3 pin margin.

### SECOND GAME

Tau Ep came back strong, but this time it was Dobbins who stamped out Betts' heat wave with a remarkable score of 133. Bob George helped the Phi Sig's cause by felling 125 pins. For the losing Tau Ep team—Coleman, Ruggeri, and Betts with 117, 109, and 111 respectively put the Tau Ep brothers within 5 pins of winning.

### THIRD GAME

With all five cylinders working perfectly, Phi Sig's team smothered Tau Ep to take the third game hands down. High scorers in this match were Cowles, Bennett, and Kenney of Phi Sig with scores of 113, 120, and 138 respectively. Calm Bob Betts turned up another fine score of 126 for the losers. A new record for high team average for one game was set by Phi Sig, with a team score of 576.

### FOURTH GAME

The pressure bowling of Tau Ep stamped out any hope Phi Sig had of taking the series by a clean sweep. All five Tau Ep keggers hit over the 100 mark for this game, giving the team a total of 574, just 2 pins under the record set by Phi Sig.

### FIFTH GAME

Again, Tau Ep broke the pressure plate to knock Phi Sig out by a margin of 40 pins. Betts, the strong man of Tau Ep, came up with another remarkable score of 140.

### SIXTH GAME

This was the fatal game for the Tau Ep boys as Phi Sig finally caught fire after their two game wet spell. Cowles' 124 and George's 121 were the deciding factors which led Phi Sig to victory on only a 5 pin margin. Coleman, of the losers, captured the high single record for the playoffs with a brilliant total of 142.

This has been the most hard fought contest in the history of intramural bowling here. Students have given the team much support throughout the semester and an estimated crowd of 100 were present to witness Phi Sig crowned for the second consecutive time.

## CO-ED OF THE WEEK

Joan Tomlinson

Pretty Joan Tomlinson received 75 votes towards being named "Co-ed of the Week." Joan, a graduate of St. John's Academy in Pawtucket was vice-president of her class for three years. Besides being associate editor of her year book, she found time to qualify for the Rhode Island Honor Society.

Joan, very popular with her classmates in division 2-1, already has

her fair share of activities. She is a sister of Alpha Phi Kappa and also a member of the Newman Club. More recent is her election as member of the Business Administration and Accounting Society Board of Directors.

(Ed, note—Students may vote for the "Co-ed of the Week" by dropping their ballots in the ARCHWAY box in the cafeteria.)

## Half Way Mark

Rush Season Under Way:  
Four Smokers Remain

Of the eight rush parties originally scheduled, four of these have already been held. For the past week, rush parties for prospective pledges have been held in the gym. The organizations which have already conducted their smokers are Alpha Theta Chi, Beta Iota Beta, Beta Sigma Chi, and Chi Gamma Iota.

Those remaining are Kappa Tau, April 16; Phi Sigma Nu, April 20; Sigma Lambda Pi, April 21; And Tau Epsilon, April 23.

Although final bids will be given shortly after the last smoker, "Hell Week" will not be staged until after the first marking period.

Balanced diet—what you eat at buffet suppers.

A track meet is where a lot of young men, suddenly discovering themselves caught outdoors in their underwear, start running as fast as they can.

Genius is the capacity not only for taking pains but for giving them.

Conscience is that feeling that comes over one when he suspects someone is looking over his shoulder.

The trouble with being a good sport is that you have to lose in order to prove it.

## ONE MAN'S OPINION

By Tom Dunklee

Stunt Night is just one week away. The date is April 22 and the place is Bryant Gym. Why don't you make plans to attend right now? I'm sure that this year, as in years past, Stunt Night will provide you with laughs, songs, and good all-round entertainment. Stunt Night is one of the biggest events on the college calendar. You'll be missing a colorful affair if you don't attend this year's Stunt Night program.

For the past two weeks many of the Greek Letter organizations have been spending their afternoons in the gym preparing themselves for this annual affair. The organization that wins first place not only receives a cash prize, but also a great deal of prestige because Stunt Night is the true test of whether an organization can cooperate together effectively, and create the needed spirit to produce a show which combines individual talent into organizational talent.

A new addition to the campus is the result of a personal purchase of 22,000 square feet of land at the corner of Young Orchard Avenue and Cooke Street by Dr. Henry L. Jacobs. This plot now completes this part of the campus for one square block bounded by Hope Street, Young Orchard Avenue, Cooke and Benevolent Streets, with the exception of two dwellings.

No building is planned for this land, Dr. Jacobs emphasized, but he is planning to tender it to the college for campus purposes only. The ground will soon be cleaned up and open for student use.

Now all we need is the plans for the library to go through and the Student Union to get underway. This, in my opinion, would make Bryant completely collegiate.

## Professional...

Veteran Violinist  
Played for Truman

Latest addition to the Bryant College Ensemble is Edward V. Vybiral, a talented and experienced musician who has been playing the violin since he was four years old. Ed now twenty-three years old, received his training under Godfrey Ludlow in New York City where he studied the Mark Schlager methods in theory, composition and rhythm.

—Photo by Chapman  
Edward Vybiral

Ed enlisted in the United States Air Corps in 1949 and was assigned to the Air Force Symphony Orchestra in Washington, D. C. While associated with the orchestra, he played at several functions presented by the Embassy Department. Many of these affairs were attended by former President Harry S. Truman and his wife. In addition to playing for the Symphony Orchestra, Ed formed a quintet which appeared on the Air Force Radio Hour, and television shows sponsored by the Air Corps.

## Inquiring Reporter

By Pat Hanley

QUESTION: Do you think that the voting age should be lowered to 18 years of age?

Mr. Renza

"No! I think that it should be raised to 25 because the youth of today is very adolescent."

Joan Weihe

"Yes! If the boys are old enough to fight, they're old enough to vote!"

Mr. Fogarty

"I think it should stay the way it is. Politicians want to lower it to put a harness on the boys in the armed forces, so that their proxy vote will keep the administration in office."

Joe Ruggieri

"No! The average 18 year old does not know enough nor has he developed enough interest in politics to voice an opinion."

Paul Reed

"I think it should stay at 21. The kids in the service are just learning whether they're coming or going."

At Bolling Field, Washington, D. C., Ed appeared on shows featuring such popular orchestras as Stan Kenton, Les Brown, and Claude Thornhill. He presented several benefit shows at Walter Reed Hospital for disabled war veterans and appeared at the hospital with popular entertainers including Jane Froman, George Murphy, and John Hodiak.

After his discharge from the Air Force, Ed decided to get a business background and enrolled here. Ed is married to the former Miss Joyce Lee Tyner of Hillcrest, Maryland.

## Professor's Parody

C students become employers. B students become employees, and A students become teachers.
